

***New Benefit For NATOA Members**

MI-NATO A legal counsel Jon Kreucher will be taking calls from members on:

Friday, April 24, 2009 from 9 am - noon

If you have a question about anything cable, give Jon a call -- it's a new benefit for the members of our association.

Please plan your calls during the designated time, as those are the only hours in April when time is available without charge. Please also place your calls with the understanding that your discussion will not create an attorney-client relationship with Jon Kreucher or his firm, Howard & Howard. Instead, the telephone conferences are provided for informational purposes only. Should your matter require dedicated attention, Jon or other MI-NATO A member-attorneys are available to enter into formal engagements.
